About Us

GLOBAL FIELD INVESTMENT SERVICES LIMITED is an indigenous service provider to the oil and gas industry in Nigeria. It was incorporated as a limited liability company in Nigeria to carry on the business of drilling support for the oil and gas industry; environmental management; marine logistics and support; and project management. It is also involved in the business of marketing, supply and trading of crude oil and petroleum products.

Led by a dynamic management team, Global Field has been strategically positioned to achieve a sustainable competitive advantage in achieving it's vision. This is further enabled by the proper deployment of good corporate governance and risk management practices

In fulfilling our vision, we shall continue to build and improve the capacity of the communities we operate in. These communities will be engaged in activities that ensure development and economic empowerment. Strict adherence to our belief in preservation of the environment shall be enforced.

Through Global Field Foundation, we shall always endeavour to be responsible corporate citizens.

Our Mission

- To create value for our partners through excellence and innovation
- To be responsible partners with respect to safety and environmental impact of all our operations and services
- To run the company on a sustainable financial basis of profitable growth
- To recruit, retain and reward high-performance workforce

Our Vision

- To be recognized as the premier indigenous oil and gas service provider driven by excellence and innovation.

General Services

Fast Moving Consumer Goods (FMCG)

FMCG is an acronym used to represent fast-moving consumer goods. Over the years the FMCG Companies in Nigeria have evolved. The industry has changed from what it used to be. The Fast-moving consumer goods (FMCG) which is also known as consumer packaged goods (CPG) relates to products that are sold quickly and at a very low cost. One unique thing about FMCG is their shelf life. Most FMCG has a relative short self life. This means that their expiration date is little compared to other products in the market, FMGC items are sold easily at a relatively low cost. Globalfield limited is one of the leading FMCG company that produces and packages fast-moving consumer goods in Nigeria.

Our company products and services includes:

Processed Food:

The processed food fast-moving consumer goods (FMCG) industry is one of the largest in the world. The undying craving by people to consume already processed food; whether sold in an eatery, at a bus station, or in traffic is ever endless.

Globalfield Limited is taking a stance as a high-volume producer and distributor for one of the most popular brands in these category.

Beverages:

Beverages are liquids that is not water, and this comprises largely of soft drinks, milk, juice, coffee, beer, and a lot more.

Everyday, thousands of people spend time around the nation drinking a type of beer or the other. The same applies to soft drinks. When most people consume meals in restaurants, at school, at events, and even at home, they drink a bottle of soft drink or other beverages.

Millions of people crave the taste of these drinks before they even purchase them.

Global Field Limited provided a solution to this need by becoming a supplier of beverage products to restaurants, club houses, event centres, and general retailers.

Cosmetics & Grooming Products:

The use of cosmetic and grooming products have sky-rocketed in recent years. Many females around the nation cannot leave their homes without wearing a makeup. It gets even more serious as a lot of ladies carry their makeups around with them in their handbags, to be applied at any instance they're meeting up with someone important.

Since these FMCG beauty products are always in use on a daily basis, Global Field Limited is involved with manufacturing, packaging and distributing cosmetic or grooming products in Nigeria.

Soaps, Detergents & Toiletries:

Almost everyone wakes up every morning to have a bath. When they use the rest room, they make use of the toiletries to clean up, and when they want to wash; whether with a machine or not, they use a detergent or bar soap.

Soaps, detergents, and toiletries are one of the most used FCMG products in the world. They're so infused in our personal lives that we almost cannot do without them. Global Field Limited is here to make these products accessible and cheap to all across the nation.

Baby Care Products:

According to Unicef, an estimated number of about 353,000 babies are born every single day. This figure largely implies that there is a need for baby products daily. Knowing this, Gobaal field Limited is a manufacturer and distributor for some major baby care product brands.

Phones And Accessories:

It is a matter of fact that Nigerians buy Phones and accessories a lot. Every year, the new, updated phone models hit the market, and many sell the old ones to buy the newest phones. Phone accessories like chargers, screen protectors, phone cases, earphones are also very important, these products increases the convenience of use of the phones and even improve the functionality.

Clothing And Fashion Accessories:

Fashion, clothing and accessories business is a business where our company is a pace-setter. The industry is so big and the fashion changes so fast but at Global Field Limited we grow with the industry.

Pharmaceuticals:

The rate of purchase of pharmaceuticals increases every year; however, people experience more and more health issues. Global Field Limited we are here to breach the gap in the health care sector.

Home Appliances:

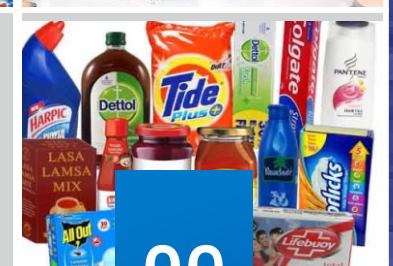

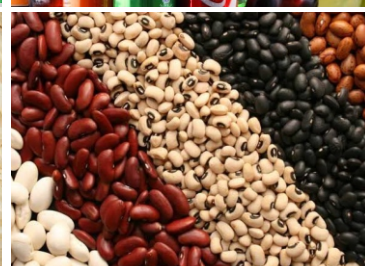

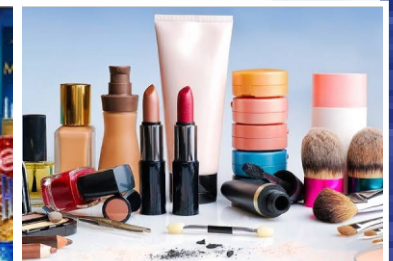

For an improved quality of live, home appliances are always on demand. From kettles to washing machines, from blenders to television sets, name it. These appliances are quite durable, however, many families upgrades their old ones to new appliances yearly.

Water:

Water is the fastest selling fast moving consumer product in Nigeria and world. That's no surprise – water is a primary need! This category houses the sachet water, table water and water in dispenser bottles. Our company is a major producer and distributor of water.

Computers & Accessories:

Computers and computing devices are needed in every industry including today's farming. Some modern devices need the accessories for optimal functioning, protection or easiness of use. The rapid growth of the technology ecosystem also makes people buy the newest, updated gadgets year by year.

Agricultural Produce

Global field limited locally produces and distributes a range of agric products.

What We Do:

Our goal is to produce, supply and Export agricultural produce around the globe to serve as a source of food, fibre, medicinal plants and other products to sustain and enhance life. Nigeria is known to be the best in agricultural produce having fertile soil and a wide range of climate variation allows it to produce a variety of organic foods and cash crops. We are bold to say we have access to direct farmers and can meet your product demand of high volume at a given time to any port of destination. Our quality control team prioritizes customer satisfaction making sure you get the best quality for your money.

Over the years, Agriculture has played a vital role in our society and economy. It provides foods and raw materials to consumers and industries; it has been the bedrock of many countries and known to be the future of development.

We are wholesale exporters & suppliers specialized in processing, branding, and packaging of African foodstuffs. Items include soup ingredients such as achi, bitter leaf, crayfish, egusi, ogbono, ukazi, smoked shrimp, palm oil, African spices, and seasonings. We export catfish, stockfish, snail, plantain, garri, yams and yam flour, nuts (kola nut, bitter kola, coconuts), beverages such as Milo and Bournvita, etc.

Our Company is one of the widely trusted exporters and suppliers of agricultural products from Nigeria to any country in the world.

We export the following agro-products; bitter kola, kola nut, wonderful kola, cocoa powder, cocoa cake, cocoa liquor, cocoa butter, cashew nut, shea butter, tiger nut, moringa seed, hibiscus flower, sesame seed, split dried ginger, soya bean, and charcoal.

We also do a local supply of mineral-like Kaolin, dolomite, vesper stone, calcite stone, calcium, zinc, and gold.

Why Buy From Us?

We offer seamless services from well experienced team of workers, having been in export business for over 7 years and having exported to almost all part of the world including India, Germany, Dubai, Europe, North and South America and Asia.

We understand the dynamics of exporting and the challenges importers face on daily bases, and towards giving you a better experience;

We have a large hectare of farm land and source from local farmers to meet our supply.

To avoid impurities our team of well experienced professionals carefully clean, purify and package our products to meet our customers' expectations.

We provide pictures and videos of your product packaging from the time contract is signed till the products is loaded on the vessel.

We sign Performance Bond (PB) when required.

We offer SGS certifications.

In addition to all of the above, we use reliable shipping lines for efficient product delivery unless the buyer chooses a specific delivery channel, therefore making your business dealings stress-free from start to finish with experienced, tested and refined first class services.

Warehousing and Storage

Our Warehouses are used by manufacturers, importers, exporters, wholesalers, transport businesses, customs, etc. .

Whatever your warehousing needs are, we have a solution to fit; no matter what corner of the globe.

Warehousing services

Whatever your warehousing needs, our global footprint and extensive network means we have facilities ready to handle your supply chain, whether at origin or destination. By combining shipping with warehousing and distribution, you benefit from a seamless end-to-end solution with fewer logistic service providers. Complexity is reduced, and you gain speed, control and visibility.

A warehouse perfectly placed and connected to your sourcing areas can combine materials and goods pre-export, helping you optimise your landside movements and container loads.

Our portfolio comprises bonded and non-bonded warehouses, facilities located within free trade zones, and others near/within ports for easy transfer.

We offer domestic and regional/international consolidation, including multi-country warehousing. Offered at several international hubs.

Our warehousing solutions are underpinned by investment in technology, automation and robotics. We are steadily expanding our fleet of AGVs (Automated Guided Vehicles), automated sorters and hybrid systems, all of which deliver superior picking efficiencies.

All this is supported by our IT landscape consisting of best-in-class Warehouse Management Systems, providing you with integration capabilities, visibility and improved accuracy, allowing you to be agile and respond quickly to any events in the supply chain.

Strategy

- Strengthen client base by ensuring excellence and innovation in service delivery
- Enhance capability using the “build-borrow-buy” growth pathway
- Create and sustain strategic relationships that will guarantee superior delivery in a synergistic manner
- Recruit, retain and reward high-performance employees

Key Strengths

INDIGENOUS COMPANY STATUS:

There are currently numerous initiatives by the Nigerian government to strengthen the capacity of indigenous companies and to increase their activities in the Nigerian oil and gas industry.

SIGNIFICANT NIGER DELTA REPRESENTATION:

A great majority of the founders of the company are from the Niger Delta region of the country. This is the region that is responsible for more than 95% of the oil and gas assets. Our founders and directors enjoy an unrivalled influence in the region, and we possess strong knowledge of the local and regional dynamics

LEVERAGE ON SISTER COMPANIES:

We have sister companies that provide complementary services and have remarkable track records in the oil support services especially in construction and marine logistics.

STRATEGIC RELATIONSHIPS:

Government
International Oil Companies
Oil bearing communities
Original equipment manufacturers

EXPERTISE:

We aggressively recruit and retrain the best talents to ensure high-performance.

FINANCIAL STABILITY:

We have developed a remarkable reputation with several financial institutions within and outside Nigeria and currently maintain a solid financial base to execute major projects. Our management account reports are readily available for concerned parties

Community, Health, Safety, Environment, & Security (cashes) Policies

We are strongly committed to sound CASHES-Q practices in all aspects of our business. This is to prevent injury and protect all employees and subcontractors from work hazards and occupational diseases in the execution of their responsibilities.

The corporate policy statements that have been duly endorsed by the directors of the company and signed by the managing director explicitly states that: "All GLOBAL FIELD employees are responsible for protecting the Environment, Health, Safety and Security of her workers, Customers, Contractors and the Community in which she does business according to this policy".

This policy is applicable to all our partners- employees, client, contractors, and visitors. All incidents, near misses and potential hazard that might lead to injuries to personnel or damage to equipment and the environment must be reported immediately to the nearest HSE representative.

GLOBAL FIELD regards the protection of the Environment and promotion of Health and Safety measures at all levels of its operations as paramount to the way in which it conducts its activities.

GLOBAL FIELD provides and maintains a safe, pollution free and healthy working environment by complying with all applicable statutory guidelines, regulations and laws. To this end, all employees, contractors and customers are adequately trained to ensure that they work safely in their respective functions and to protect the environment.

Community Service

Our mission is to create a work environment in which the host communities and the company become fundamentally interdependent. This is done with a mutual understanding and commitment to growth and development. Our commitment to community development is based on the following objectives:

- Integrated planning and execution of community development programs, with full community input and participation.
- Sustainable empowerment of the indigenous host communities through the provision of employment and improved welfare.
- Adoption of best practices that guarantee community-friendly operations.

Environment

Global Field keenly advise clients, partners and staff on equitable levels of environmental safeguards to be incorporated to a project where a hazard may not be covered by regulations or client's policy. We strive to preserve a clean and healthy environment at all times. Global Field is bound by the following principles:

- The ultimate responsibility for the protection of the environment is with senior management, who in turn ensure that every employee is accountable for meeting the company's environmental goals.
- Our goal is zero spills and environmental releases.
- We operate in a manner that protects the environment, which is the top priority of our operational plans.

We strongly believe that our success is directly linked to the health and safety of our employees, clients and our reputation as a leader in environmental conservation.

Quality

In line with the strategic direction of **GLOBAL FIELD**, our resolute policy is to consciously determine the stated and implied needs and expectations of interested parties - customers, legal & regulatory entities, government, shareholders, employees, suppliers and community - relevant to our business of onshore/offshore pipeline laying, fabrication, provision of drilling services, petroleum products supply, equipment leasing and procurement and ensure that their requirements are met.

We shall focus on continual improvement of our quality performance and quality management system performance by taking applicable action to effectively address any identified shortfall while encouraging next practice innovations and ideas in all our dealings.

Local Content Support

In support of the Nigerian Oil & Gas Industry Content Act, which was signed into law on the 22nd April 2010, we are committed to maximizing in a sustainable manner the use of Nigerian human resources, materials, equipment and services in our operations without compromising the company's values, quality, health, and safety and environment standards.

In order to contribute to the development of Nigeria's industrial capabilities and competencies and supporting the nation's economy, we shall seek to maximize the participation of Nigerian businesses and local contractors in our operations in compliance with the Nigerian Oil & Gas Industry Content Development Act, 2010. Reasonable measures shall be undertaken at all times to meet requisite Nigerian Content levels.

As an oil and gas service provider, we shall implement government policies/approved Nigerian Content Plan without compromising the intent of achieving the best overall value for the Project in terms of price, quality, efficiency, delivery and operating parameters. We will also strive to maintain the close rapport we have built with the Nigerian Content Development and Monitoring Board.

Our Clients

We take pride in the reputation we have built with our clients some of which include:

- Waltersmith Modular Refinery
- The Nigerian National Petroleum Corporation (NNPC)
- Total E&P Nigeria Limited
- Niger Delta Development Commission (NDDC)
- Nigerian Petroleum Development Company (NPDC)
